

BOISE COUNTY

RESOLUTION NO. 2018-58

A BOISE COUNTY RESOLUTION TO ADOPT LAND USE PUBLIC HEARING PROCEDURES WITHIN BOISE COUNTY

WHEREAS, Idaho Code §67-6534 requires that counties maintain a regular set of procedures for public hearings held by the Boise County Planning and Zoning Commission and the Board of County Commissioners in matters governed by the Local Land Use Planning Act; and

WHEREAS, From time to time it is beneficial to review and revise those hearing procedures to Better facilitate input from the public and to promote a thorough and expeditious hearing;

NOW, THEREFORE, BE IT RESOLVED, by the Board of County Commissioners that Boise County hereby adopts the following procedures to be applied in matters concerning land use-Related public hearings:

Section 1. Public Notice

- a. If a public hearing is required by law or ordinance, the planning commission and, when applicable, the Board of County Commissioners shall hold at least one public hearing in which interested persons shall have an opportunity to be heard. At least fifteen (15) days prior to the hearing, notice of the time and place and a summary of the proposal shall be published in the county's official newspaper. Notice of public hearing should only be published when an application is complete in a manner sufficient to address the requirements established by ordinance and application forms.
- b. In the case of annexations, conditional use permits, subdivisions, and variances, notice shall also be provided to property owners within the land being considered; those record owners of lands within six hundred feet (600') of the external boundaries of the land being considered; and, optionally, within any additional areas that may be substantially impacted by the proposal as determined by the planning and zoning commission or by decision of the planning and zoning department staff. Contents of the mailed notice must contain the information required by law and when practical should include information guided by this Resolution such as requirements of testimony, default time limits (or issue-specific time limits, if known), timing for allowing written submissions, and other significant conditions or restrictions on testifying.
- c. When mailed notices would be required to be sent to two hundred (200) or more property owners, a notice of public hearing, at least 2" x 4" in size, published in the county's official newspaper at least 15 days prior to the hearing, shall be considered adequate in lieu of otherwise required mailed notices. Alternative notice shall meet the Unified Land Use Ordinance requirements.
- d. For site-specific matters, the subject property shall be posted with signs describing the type of action to be considered, contact information for the Planning and Zoning

Department, and the time, date and location of the hearing. Such signage shall be posted on the site as required by law or ordinance.

Section 2. General Rules for Testimony in a Quasi-judicial Public Hearing:

- a. At the commencement of the public hearing, the Commission/Board, or the Chairman may establish a time limit to be observed by all speakers. This resolution provides the default time limits as follows: Applicant (to describe application and reasons that it meets requirements) – not to exceed fifteen (15) minutes. Staff explanation – not to exceed fifteen (15) minutes. Individual testimony – pro, neutral and con – three (3) minutes per person (up to fifteen (15) minutes for spokesman in cases where spokesmen are pre-authorized by the chairman, county clerk, or administrator). Rebuttal by the applicant (no new evidence should be presented – only information from the record to rebut assertions by contrary testimony) – as needed.
- b. No person shall be permitted to testify or speak before the hearing agency at a public hearing unless such person has signed his name and written his contact address on sign-up sheets to be provided by the county. This requirement shall not apply to staff or technical witnesses directed by the chairperson to give evidence or information to the hearing agency.
- c. The presiding officer, or the Commission/Board, is authorized to revise the default time frames and order of proceedings so long as due process rights are maintained. In the event of disagreement by governing board members with procedural rulings by the chairman, the governing board may suspend or amend any one or more of these rules by majority vote of members of the governing board then in attendance, provided that due process rights are preserved.
- d. Anyone who intends to appear as a representative of a group at a hearing where spokesmen will be allowed pursuant to directive by the Chairman should contact the Planning and Zoning Department at least five (5) days prior to the hearing. Staff may then apprise the representative of procedures for the hearing and any special limits or allowances concerning testimony.
- e. No person shall be permitted to speak before the Commission/Board at a public hearing until such person is recognized by the chairperson.
- f. Testimony should directly address the subject at hand.
- g. Testimony should not be repetitious with other entries into the record.
- h. Testimony should not be personally derogatory.
- i. Testimony should comply with time restrictions established by the hearing agency.
- j. If oral testimony fails to comply with the aforementioned standards, the chairperson may declare such testimony out of order and require it to cease.

- k. All public hearing proceedings shall be recorded electronically or steno graphically and all persons speaking at such public hearings shall speak before a microphone in such a manner as will assure that the recorded testimony or remarks will be complete.

Section 3. Order for Quasi-Judicial Public Hearing:

Quasi-judicial hearings involve site-specific decisions (such as considering a request to consider a variance request) as opposed to legislative hearings which require decisions that have a broad application (such as a change in the text of a zoning or subdivision ordinance, which does not necessarily affect one specific parcel of land). Quasi-judicial Public hearings should follow the order of events set forth below:

- a. Brief introduction of the subject of the hearing by County staff.
- b. Presentation by applicant. (Decision makers should address their questions to the applicant at this time – if possible.)
- c. County staff report. (Decision makers should address their initial questions to staff at this time – if possible.)
- d. Open Public Hearing: Testimony from public in the following order: (Questions from the decision makers should be asked of the person testifying before they leave the podium whenever possible.)
 - 1. In favor of proposal
 - 2. Neutral respecting proposal
 - 3. Opposed to proposal
- e. Rebuttal testimony from applicant. (Decision makers should ask any final questions.) If new facts are elicited that have not been part of the record, the public must be given an opportunity to respond to the new facts – perhaps by reopening opposing testimony.
- f. Close Public Hearing
- g. Discussion of hearing subject among governing board members. Questions may also be directed to County staff during this period. Any procedural rules requiring a motion prior to discussion are hereby suspended for purposes of such discussion. Decision makers may table the matter until later in the meeting if other public hearings are pending or to a later meeting for deliberations.
- h. The final decision should include a reasoned statement that explains the criteria and standards considered relevant, states the relevant contested facts relied upon, and explains the rationale for the decision based on the applicable provisions of the comprehensive plan or upon relevant ordinance and statutory decision criteria for requests, pertinent constitutional principles and factual information contained in the record. It is essential that all decision criteria be addressed in the final written decision.
- i. When a final decision has been made, a copy of the final decision shall be sent promptly by electronic mail, or by U.S. Mail if requested, to a permit or approval applicant and to any other affected property owner entitled to mailed notice by local ordinance or state law who has requested notice of the final decision on the sign-up sheets at the public hearing or otherwise. Applicants or affected property owners shall have no more than fourteen (14) days after the date a final decision is rendered to request reconsideration by the final decision-maker. Any such request must identify specific deficiencies in any final decision. Failure to request reconsideration may invalidate a subsequent judicial

appeal. After considering the identified deficiencies, the final decision shall be issued and distributed as above. If no decision is made within the sixty (60) day timeframe for reconsideration, notice of that fact shall be sent promptly by electronic mail, or by U.S. Mail if requested, to a permit or approval applicant and to any other affected property owner entitled to mailed notice by local ordinance or state law who has requested notice of the final decision on the sign-up sheets at any public hearing concerning the application or otherwise.

Section 4. Standards for Written Testimony:

Written testimony and exhibits from the public to be admitted at a public hearing shall comply with the following standards:

- a. Written testimony and exhibits must be submitted at least seven (7) calendar days prior to the date of the pertinent public hearing. This provision may be varied through notice to potential hearing participants.
- b. Written testimony should include the signature and address of the submitter.
- c. Written testimony should address the issue at hand.
- d. Written testimony should not be personally derogatory.
- e. If written testimony or an exhibit fails to comply with the aforementioned standards, the chairperson or Commission/Board may declare such testimony inadmissible.

Section 5. Exhibits:

All exhibits, photographs, diagrams, maps, evidence and other material presented during the public hearing should be marked or otherwise identified and entered into the record. Exhibits from the Applicant must be submitted at least twenty (20) days prior to the hearing and shall be marked or identified prior to publication of any notice of public hearing. Original exhibits that are capable of duplication may be released to the presenting party if requested in writing, and if acceptable to the Planning and Zoning Administrator and legal counsel. If original exhibits are released, photocopies or reproducible photos of the originals should be maintained in the record.

Section 6. Records Maintained:

The County Clerk and/or Planning and Zoning Administrator should maintain records of all public meetings in the following manner:

- a. Transcribable verbatim recordings of the proceedings should be maintained in conformance with Idaho Code §67-6536 or its successor.
- b. Originals or accurate duplicates of written submittals to the hearing record and copies of applications should be maintained in conformance with policies adopted pursuant to Idaho Code §31-871 or its successor.
- c. Minutes which catalog the occurrences at the public hearing shall be maintained as required by applicable sections of the Idaho Code.

Section 7. Procedures for Legislative Public Hearings.

Public hearings on legislative matters brought pursuant to requirements established by the Local Land Use Planning Act should take place after notice has been provided as required by law. Prior to publishing notice of legislative public hearing a draft of the legislative proposal should be prepared and be available for public inspection no later than the day the notice of public hearing is published. Procedural limits on duration of testimony may be established by the chairman, subject to approval by the governing board. Legislative public hearings do not require final decisions in a manner comparable to those for quasi-judicial proceedings.

APPROVED AND ADOPTED in Open Session on this 25th, day of September, 2018.

BOARD OF COUNTY COMMISSIONERS

Alan D. Ward, Commissioner

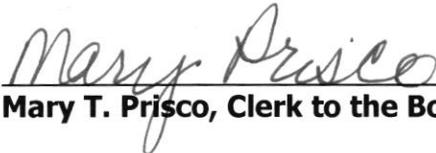

Roger B. Jackson, Commissioner

ABSENT

Laura L. Baker, Commissioner
