

BOISE COUNTY

RESOLUTION 2022-05

A RESOLUTION AGAINST VACCINE AND MASK MANDATES

WHEREAS, The past two years of both public and private responses to the COVID-19 pandemic have seen untold numbers of individual liberties whisked away at the stroke of a technocrat's pen, which would have been unthinkable just five years ago; and

WHEREAS, Masks have been scientifically shown to be completely ineffective in stopping the transmission of any virus; and

WHEREAS, Requirements for receiving a vaccine, which does not prevent transmission or contraction of SARS-CoV-2 and only reduces symptoms of COVID-19, are now being implemented by the private sector as a condition of employment; and

WHEREAS, Vaccine requirements are potentially open ended, as an indeterminate number of booster shots are required to provide continued "protection". Vaccine manufactures have been completely indemnified and refuse to disclose the contents of said vaccines until 2076; and

WHEREAS, Vaccine requirements are causing large numbers of people to quit or be fired from their jobs rather than be forced to make medical decisions they do not believe are warranted; and

WHEREAS, Employer provided health insurance is the main source of health insurance for most citizens of Idaho and losing one's job could prove catastrophic for a family; and

WHEREAS, Being a "pro-family party" is empty rhetoric without also promoting policies that make the economics of raising a family work; and

WHEREAS, There is ample legal precedent for business regulations which prohibit employers from subjecting employees to extremely undesirable conditions and hostile work environments; and

WHEREAS, The Republican/Conservative electorate relies on members of the Republican majority in the State Legislature to uphold their oaths to the Constitutions of United States and State of Idaho, and to enact legislation which protects our lives, prosperity and God given freedoms; and

WHEREAS, The Idaho State legislature recently convened a special session, at a cost of over \$100,000, to address this exact issue, yet failed to pass a single bill; and

WHEREAS, Idaho now operates as a medical apartheid state, where one class of people are provided the opportunity for employment, and another are not; and

THEREFOR BE IT RESOLVED, the Boise Board of County Commissioners with the full support of the Republican Central Committee of Boise County, Idaho, do proclaim our marked disappointment with the Republican majority of the Idaho legislature due to their complete failure to act when we citizens needed them most; and

BE IT FURTHER RESOLVED, the need for local government to step in and make the correct decisions in the absence of our State government doing so.

THEREFORE, the Boise County Commissioners declare that Boise County, Idaho is a mask and vaccine "mandate-free county."

APPROVED AND ADOPTED by the Board of Boise County Commissioners in open session during the regular meeting on this 11th, day of January, 2022.

BOARD OF COUNTY COMMISSIONERS

RYAN T. STIRM, Chairman

STEVEN M. TWILEGAR, Commissioner

ROBERT T. HOLMES, Commissioner

Attest:

Mary T. Prisco, Clerk to the Board
